Career Objective:

Skilled Front-end Developer with more than 3 years of experience in designing, developing and maintaining front-end web applications. Seeking to utilize my technical skills and expertise to provide value to the employer and contribute to successful projects both today and in the future. Aiming to take on new challenges and utilize my coding and debugging skills for developing new features and enhance the overall user experience.

Professional Summary:

- An IT professional with more than 3 years of experience in Front End Development.
- Proficient knowledge in HTML5, CSS3, JavaScript, Bootstrap, React.js, Tailwind CSS, jQuery etc.
- Hands on experience in CMS tools such as Open Text CMS and AEM (Adobe Experience Management).
- Experienced with wireframe design tools like Figma, Adobe, Photoshop and Balsamiq.
- An understanding of the principles of SEO
- Knowledge of cross-browser compatibility, responsive design, and mobile-first development

Work Experience:

ECLERX SERVICES LTD. PUNE.

Sr. Analyst - Front End Developer: Sept 2021 – Present

- Improved user experience and increased customer engagement by 15% through the implementation of interactive layouts using HTML, CSS, and JavaScript and jQuery. Implemented and maintained front-end web applications, resulting in a 10% reduction in page load speeds and conversion rates by utilizing modern web technologies and best practices for user experience and accessibility.
- Utilized Tailwind CSS and Bootstrap to develop responsive front-end components, enhancing usability across various devices and screen sizes.
- Implemented Adobe Experience Manager (AEM) to streamline e-commerce website development, resulting in a 20% increase in sales.
- Collaborated closely with cross-functional teams including designers, backend developers, and project managers to ensure seamless integration of front-end and back-end components.
- Continuously stayed abreast of emerging front-end development trends and attended workshops to enhance skill sets, contributing to the adoption of modern web technologies within the team.
